

HOW TO ADD CIRCUIT ELITE (\$CRCTE) TO THE METAMASK WALLET

- Visit <https://metamask.io> to download the official Metamask wallet
- Follow the installation process to complete the wallet setup
- Once the installation has been completed:
 - Click the circle in the top right corner of your wallet
 - Click “Settings”
 - Click “Networks”
 - Click “Add Network”

BELOW IS THE INFORMATION TO ADD THE BINANCE SMART CHAIN

- Network Name: Binance Smart Chain
- New RPC URL: <https://bsc-dataseed.binance.org>
- Chain ID: 56
- Symbol: BNB
- Block Explorer URL: <https://bscscan.com>

THE BINANCE SMART CHAIN WILL NOW SHOW ON THE MAIN SCREEN

- Scroll down and click “Add Token”
- Input 0x59A8aA5030599a17d31e88ec9463014d9E182230
- Click “Next”
- Circuit Elite will now populate to be seen in your wallet
